Dear Friends,

Here comes a small report about our activities of the last weeks.

Gladys, my assistant was very busy to arrange legal issues for this little girl, 8 years old, as we sadly found out that she had been raped during the last two years. She now lives with a good family. It sure took much patience, time and running around.

These two girls, who previously were very malnourished, have come all the way from Ceylan to their monthly weight check-up. In our small clinic they also receive medical care and 12 LB of milk.

It is not always fun to sit on a baby scale but I can assure you that it does not hurt at all ! Over 60 little children have to go through this exam.

November is the first month when our team starts with the interviews for scholarships for the up-coming year. This girl would like to continue in Junior High School but her parents can not afford it. The interview takes about 20 min. and in December the candidates have to return for a second round.

Here you can see a few candidates who arrived last Monday. They are looking for both Junior High school, University and Career Training scholarships. Presently Vamos Adelante has received over 200 applications, (over 700 for Primary school).

Vamos Adelante's team has already started to pack schoolbags for the up-coming year 2005 as we would like to give out approx. 2000 schoolbags to enable more children to attend Primary school.

This month we were up in Chipiacul again to help some very poor children with schoolbags. Many had walked several hours through the mountainous area to get to the meeting point.

With the help of Unity Church we gave out 250 school bags, many sweaters and jackets and a toy for each child.

In the name of the Vamos Adelante team we would once more like to thank you for your on-going help. We hope that you are happy with the results. Please feel welcome to visit us any time.

Warm regards
Nina
